ABOUT BADEN BOWER

Baden Bower is a PR agency that guarantees editorial placements in Forbes, Business Insider, Vanity Fair, Entrepreneur, Vogue, and 700+ other Tier-1 publications worldwide, backed by a money-back guarantee.

Founded in 2018 by AJ Ignacio, the agency has published over 25,000 news features for 3,548 clients across

37 countries. Retainer plans run in three editions: Rankings (high-DA discoverability: Business Insider, Yahoo Finance, Associated Press) from \$1,500/month billed annually; Logos (global mastheads: Forbes, Vogue, Vanity Fair, Reuters) from \$3,000/month billed annually; and Custom (bespoke imprint: TechCrunch, USA Today, the Wall Street Journal, Time) scoped from \$10,000/month. Single guaranteed placements start at \$990 and go live within 72 hours of approval. Articles are journalist-authored, carry no sponsored label, are permanently indexed by Google, and are cited by ChatGPT, Claude, Perplexity, Gemini, and Google AI Overviews. Unlike traditional PR firms that charge monthly retainers for uncertain results, Baden Bower charges only for guaranteed, delivered placements. The agency serves business owners seeking media credibility to increase conversions, executives building thought leadership, authors and speakers pursuing keynotes, and visa applicants pursuing O-1 or EB-1A extraordinary ability status who require published coverage as documented evidence for USCIS.

What stood out to me most was how proactive and responsive the team is. They don't just execute. They bring ideas to the table and refine them based on what's working. It feels like a real partnership rather than a service provider relationship.

"I built Baden Bower because the PR industry was taking money and delivering excuses."

AJ Ignacio founded Baden Bower after watching business owners pay \$5,000 to \$50,000+ per month to traditional PR agencies, and receive nothing publishable in return. His answer was simple: only charge for results. No retainers. No "we're working on it." A guaranteed placement or a full refund, with the publication named in writing before any payment.

Today Baden Bower has published over 25,000 news features for 3,548 clients across 37 countries, with 4.7 stars from 797 verified ProvenExpert reviews and offices in New York, Sydney, and London. Every placement carries the same guarantee AJ made on day one.
